Baseline

Established in 2005, Baseline Commercial Furniture has been providing products and services to the architectural and commercial market for 14 years.

Baseline carries a wide range of exclusive products imported from Italy, Germany and Turkey along with products from workstations to architectural joinery made locally at our Melbourne and Queensland based factories.

Working alongside European furniture designers and manufacturers, Baseline has forged positive relationships in the industry, ensuring nothing but high quality and exceptionally designed products are offered as part of our range.

DESIGNERS

BrogliatoTraverso

Alberto Brogliato and Federico Traverso founded BrogliatoTraverso design studio in 2014. Their fine simplification process delivers projects addressing the needs of consumers and made for various companies, including Infiniti and Myyour, winning many international awards.

Busetti Garuti Redaelli

Manuela Busetti, Andrea Garuti and Matteo Redaelli graduated from the Istituto Europeo di Design in Milan as Industrial Designers. In 2008, after a collaboration with a design studio, the three of them started to work together on new projects.

Claudio Bellini

Claudio Francesco Bellini graduated in Architecture from Politecnico University in 1990. Today he is, recognised as one of the most influential European studios, active within several fields of design, from furniture and product design to architecture.

Claudio Dondoli & Marco Pucci

Claudio Dondoli and Marco Pucci, originally from Colle d'Elsa, met in Florence at the university faculty of architecture where they were part of the same team. In 1983 they opened an industrial planning and architecture studio, which from 1989 has been working exclusively on industrial design.

Claus Breinholt

Claus Breinholt, born in Denmark in 1972, lives and works in Copenhagen with a degree in Furniture Design from the Danmarks Designskole. In 2003 he opened his studio, focused in industrial design and furnishing design for the contract and home sectors. He has won numerous international awards.

CMP Design

The design activity of Michele Cazzaniga, Simone Mandelli and Antonio Pagliarulo is based on an open dialogue with all actors of the production process: workers, technicians, end users, business owners, but especially artisans.

Daniel Korb

Born in Baden, Switzerland in 1958, Daniel Korb started his career working as a freelancer at Jurgen Lange Design in Germany. After completing his studies in architecture he worked for 3 years before going on to work for the leading interior design firm Fleiner in Stuttgart. In 1989 he established Korb & Korb studio with his wife Susan Korb

Favaretto&Partners

Founded in 1973 as Studio Favaretto, Favaretto&Partners has specialised in office furniture, technical seating and collective systems, introducing, in certain cases, design languages embraced by other designers and manufacturers. Favaretto&Partners actively supports and adheres to the principles of "Design for All", a declaration accepted by the European Commission and promoted by the Italian Institute Design Disability.

Marco Zito

Marco Zito is an Architect and Associate Professor of Industrial Product Design at IUAV University of Venice. His 'early steps' along the path of industrial design began on the Island of Murano in the world of blown artistic glass, with the Salviati furnace. His designs have won many international awards and recognition.

MC.DSG

MC.DSG is an Italian based design studio founded by Matteo Coracin in 2017. The main inspirations for the studio are simply lines, nature and emotions of curated objects. Objects designed with passion that rises from tradition with modern approach, down to the tiniest details.

More Design

MoreDesign, a company based in Padua founded in 2007, which deals with industrial design in line with market needs following the client's requests. The company's experience allows them to offer all the creative and design contribution to companies that want to stand out by offering multidisciplinary design.

Paolo De Lucchi

Born in 1980 in Verona, Paolo De Lucchi graduated in Industrial Design at Politecnico di Milano. In 2007 he setup his own studio in Verona where he works with other professionals in architecture, communication and graphics.
