Hotbox

A flexible desk caddy that doubles as a laptop or device stand.

Work your way, anywhere. Hotbox 4 and Hotbox 4 Mini are portable desk caddies designed to make flexible working easier, transforming into a laptop or device stand at any chosen workspace. Perfect for hotdeskers and agile workplaces, they make it easy to move between office zones while creating a personalised workspace wherever the day takes you. With room for everyday work essentials, Hotbox 4 and Hotbox 4 Mini help keep everything organised, accessible and ready to go. And even better, they're made entirely from post-consumer recycled plastic.

- Portable organiser designed for flexible and mobile working
- Lightweight design
- Accommodates laptops, tech and stationery
- Two moveable dividers for reconfiguring the storage compartment
- Soft-grip handle for comfort and support
- Converts from a portable organiser into a laptop or device stand
- Made from 100% post-consumer recycled polypropylene
- Circulen Recover and EuCertPlast certified
- Recyclable
- Optional Folio, Utility Pouch and Utility Case
- Custom logo branding available
