Marco Zito

Design by Marco Zito

Rooted in Marco Zito's architectural clarity and material sensitivity, Slice transforms cork into a modular, multifunctional element. Whether used as a coffee table, stool, or bedside piece, its sculptural geometry and varied finishes offer interior designers a flexible canvas for composition. The ability to combine multiple units—each in natural, dark, or lacquered tones—makes Slice ideal for dynamic environments across residential, hospitality, and workplace settings, where adaptability meets refined design.

Modular Cork Forms for Flexible Living
