Designed for Dynamic Work

Built for modern teamwork, Rosie offers a mix of configurations that can shift effortlessly between casual conversations and structured meetings. Choose from three heights or add mobility to suit your space. With its refined curves and minimalist aesthetic, it delivers a timeless presence in any workplace.

Lockable Castors

Soft-tread, lockable castors are available across all three heights, making it easy to move the table and secure it when needed.

Integrated Footrail

A built-in footrail on 1050mm height frames adds comfort and stability, supporting longer sessions around the table.

Flexible Options for Any Space
